

POSH Climate Change Emergency Working Group

Affinity Private Wealth: Reducing Emissions, July 2019

Who are Affinity?

Thank you for inviting us here today

We are an *independent wealth management company*, enabling clients to align values with their wealth.

We provide advice, structuring and investment solutions; including guidance on *charitable giving* and *investing sustainably*.

Our ethics and values – the intangibles that count – are at the core of everything we do.

We were the first Jersey firm to become a *UN Global Compact participant*, consistent with Affinity's commitment to sustainability.

To us, this means making economic prosperity long lasting, more socially inclusive and less dependent on the exploitation of finite resources and the natural environment.

Who are Affinity?

UN Global Compact Participants

Since 2018 Affinity Private Wealth has been committed to the UN Global Compact corporate responsibility initiative and its principles in the areas of human rights, labour, the environment and anti-corruption.

Reducing emissions

By being conscious of our own carbon footprint

- Recycling & use of LEDs
- Providing drinking water & keepcups,
- Installed bike racks & shower
- Training remotely – reducing air travel
- Educating staff & wellbeing program (nutritionist)
- Staff pension.....

Reducing emissions

By mobilising capital

- The rationale for sustainable investing has gained support and legitimacy. This imperative of sustainable finance is nothing new; what is new is the momentum behind its implementation.
- A framework has been provided in the form of **UN Sustainable Development Goals**, which are mobilising international capital flows
- Today, companies that provide solutions to the challenges faced are well placed to grow strongly.

Reducing emissions

By mobilising capital

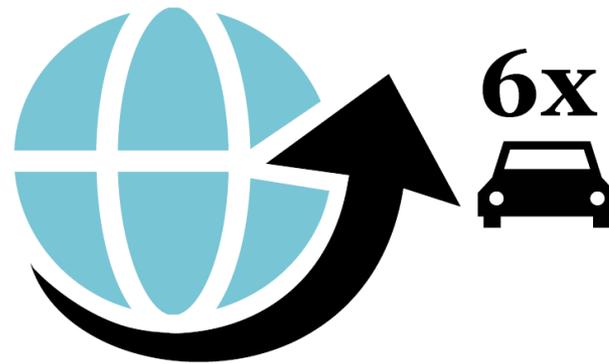

Reducing emissions

By using specialist funds targeting *potential avoided emissions*

Vontobel Fund – Clean Technology

NAV of Fund per June 30 th (EUR million)	248
Total Avoided Emissions in tCO ₂ per year	1'004'745
 Clean Energy	576'228
 Building Technology	363'206
 Low Emission Transportation	33'847
 Resource Efficient Industry	16'075
 Clean Water	13'793
 Life Cycle Management	2'596
EUR 10'000 invested reduction of tCO₂	41

Comparable to 228'000 km

An investment of EUR 10'000 reduces emissions equivalent to driving with a car 6 times around the globe.

Reducing emissions

By mobilising capital

We support

Durrell Wildlife Conservation Trust (DWCT)

www.durrell.org

And have committed to;

Donating a portion of our Sustainable Strategy's management fees

&

Sponsoring the Go Wild Gorillas campaign

&

Introducing clients who may wish to support the charity

DURRELL

Disclaimer: DWCT is a registered charity, and is not involved in any of the activities undertaken by Affinity Private Wealth or APW Investors Limited (APWIL), which is an investment management business regulated by the Jersey Financial Services Commission. DWCT, furthermore, do not endorse or recommend any third party investment strategy and any decision by an investor to invest with APWIL will be exclusively subject to terms between such investor and APWIL.
